Daniel, 3A2LZ, reports other pirates who use the 3A call: 3A0X has never been issued and the reported QSL manager, 3A2BF, knows nothing about this station. It seems that all 3 A0 are pirates: this prefix is used only for special events and never to single operators - 3A2CC has never been issued - 3A2LZ is the Daniel's call but someone is using it on 80 meters, where Daniel has never been active - 3A50A and 3A50DX (giving IK2MRZ as manager) have never been issued.
